Newsletter

Dear Parents/Guardians

It was announced by Government that from midnight on 12 June 2020 the Greater Gaborone Zone would be under lockdown and that all schools (Government and Private) in this zone will be closed until further notice.

Therefore, Botlhale Cambridge International School will be closed for all classes until further notice.

Online teaching will take place for classes starting on or before Tuesday 16 June 2020. Class and subject teachers will be in touch with parents via WhatsApp groups to give you further details of the online classes.

Please note that these online classes are additional to classroom teaching and that the Education Act and Ministry of Education does not recognise online teaching as official school days. Therefore, when we return from lockdown the teaching days missed, will be made up and the school calendar adjusted with teaching going on into the normal holidays.

We will keep you informed of any further updates.

Please take care and stay safe.

Yours sincerely

Andrew S. Jones
Principal
